

AGENDA  
SAND SPRINGS PLANNING COMMISSION  
Regular Meeting  
Monday, April 18, 2016  
4:00 p.m.

Sand Springs Municipal Building, 100 E. Broadway  
City Council Chambers, Room 203

1. Call to Order
2. Roll Call
3. Consider Approval of Minutes of March 21, 2016
4. SSZ-484 AAB Engineering STR 34-19N-11E

Board will discuss and consider recommendation to City Council the request by AAB Engineering to rezone 9.14 acres generally located South of 51<sup>st</sup> St., 1300' west of Hwy 97. The applicant requests rezoning from the current designation of RD (Residential Duplex)/RM-2 (Residential Multi-Family Medium Density) to RS-4 (Residential Single-Family Highest Density).

5. PUD-36 AAB Engineering STR 34-19N-11E

Board will discuss and consider recommendation to City Council the request by AAB Engineering for a Planned Unit Development on 9.14 acres generally located South of 51<sup>st</sup> St., 1300' west of Hwy 97. The development will contain a maximum of 42 lots with Two (2) reserve areas and will be developed as The Villas at Stone Creek Estates.

6. SSLC-632 Concept Builders STR 01-19N-11E

Board will discuss and consider approval of the request of Concept Builders to combine Lots 3 and 4, Block 1, Shadow Creek Estates. The combination will permit construction of a single-family residence to be constructed across the common lot line. The proposed address of the subject property will be 1610 N. Old North Pl. The property is zoned RS-2 (Residential Single-Family Medium Density).

7. Director's Report
8. Adjournment

This agenda was posted at 2:25 a.m.~~(p.m.)~~ on April 12, 2016, on the Sand Springs website [www.sandspringsok.org](http://www.sandspringsok.org), and the digital display board in the lobby of the Sand Springs Municipal Building, 100 E. Broadway, Sand Springs, Oklahoma, by Cynthia Webster

# PLANNING COMMISSION

Regular Meeting Minutes

Monday, March 21, 2016

4:00 p.m.

Sand Springs Municipal Building, 100 E. Broadway  
City Council Chambers, Room 203

**MEMBERS PRESENT:** Merle Parsons, Chairman 6-2  
Paul Shindel, Vice-Chairman 8-0  
Joe Shelton 6-2  
Jason Mikles 7-1  
Michael Phillips 6-0  
Jerry Riley 5-3

**MEMBERS ABSENT:** Tom Askew 6-2

**STAFF PRESENT:** Elizabeth Gray, City Manager  
Brad Bates, City Planner  
Cynthia Webster, Recording Secretary

The Sand Springs Planning Commission met in regular session on Monday, March 21, 2016 in the Sand Springs Municipal Building, Room 203, pursuant to the agenda filed with the City Clerk's office; posted on the digital display board located in the first floor lobby of the Sand Springs Municipal Building, 100 E. Broadway, Sand Springs, Oklahoma, and posted on the City of Sand Springs website at [www.sandspringsok.org](http://www.sandspringsok.org) at 3:55 p.m., March 15, 2016 by Cynthia Webster.

## 1. Call to Order

Chairman Parsons called the meeting to order at the noted time of 4:00 p.m.

## 2. Roll Call

Chairman Parsons called for an individual roll call with members replying in the following manner: Mr. Riley, here; Mr. Mikles, here, Mr. Shelton, here; Mr. Parsons, here; Mr. Shindel, here; Mr. Askew, no response; Mr. Phillips, here. Mr. Askew was noted as absent.

## 3. Minutes of February 15, 2016

Commissioners considered approval of the minutes from the February 15, 2016 meeting. Mr. Phillips made a motion that the minutes of February 15, 2016 be approved as presented. Mr. Riley seconded the motion.

Chairman Parsons called for a voice vote recorded as follows: All ayes, no nays. The motion carried.

**4. SSZ-483**

Chairman Parsons noted that the Public Hearing for this rezoning application was declared open at 4:03 p.m.

City Planner Brad Bates presented the staff report. This request involves a .24 acre tract of land that is currently right-of-way owned by ODOT. The right-of-way will be acquired by the individual who leases the current site location to QuikTrip. The owner will then lease the newly acquired tract to QuikTrip. QuikTrip will replat the entire parcel as one lot, one block. ODOT will require that a retaining wall be built and will provide specifications to QuikTrip.

Ms. Carly Goodnight with QuikTrip Corporation was present for questions. She stated that the new store will be a "Generation 3" store and will be approximately 5800 sf. There will be 8-12 gas pumps which will be relocated to the north side of the property. The current store will remain open during construction and will be demolished upon reopening of the new store. The two existing driveways will remain and a third will be added.

There being no additional questions, Chairman Parsons declared the Public Hearing closed at 4:12 p.m.

Mr. Phillips made a motion to approve SSZ-483, as presented. Mr. Riley seconded the motion.

With no further discussion, Chairman Parsons called for the vote recorded as follows: Mr. Riley, aye; Mr. Mikles, aye; Mr. Shelton, aye; Mr. Parsons, aye; Mr. Shindel, aye; Mr. Phillips, aye. The motion carried 6-0-0.

**5. SSLC-631**

City Planner Bates presented the staff report. The applicant/builder has purchased all of the vacant lots in the Glens Phase I subdivision. Building has begun on 3 or 4 of the lots. A home has been built across the common lot line on Lots 20 and 21, Block 9. A requirement of the building permit which was issued was that a formal lot combination would be initiated prior to the final sale of the property. Public Works was consulted prior to the construction and there were no easements located on the common lot line.

Chairman Parsons made a motion to approve SSLC-631 as presented. Mr. Phillips seconded the motion.

With no further discussion, Chairman Parsons called for the vote recorded as follows: Mr. Riley, aye; Mr. Mikles, aye; Mr. Shelton, aye; Mr. Parsons, aye; Mr. Shindel, aye; Mr. Phillips, aye. The motion carried 6-0-0.

**6. Director's Report**

City Planner Bates stated that an online interactive tool for the comp plan will be rolled out to the Sand Springs area very soon. This tool will allow individuals to comment on the areas where they would like to see development occur. Staff will screen comments, not necessarily looking for what types of businesses individuals would like to see, but the areas desired for growth and development. The tool will be available online for a short time to allow staff to tabulate comments and incorporate them into the comp plan.

City Manager Elizabeth Gray advised there is some activity occurring in the River West area and interest expressed by businesses but at this time, there is nothing that can be disclosed publically.

**7. Adjournment**

There being no other items, the meeting was adjourned at the noted time of 4:34 p.m.

## STAFF REPORT – SSZ 484

**TO:** Planning Commission Members

**DATE:** April 18<sup>th</sup>, 2016

**CASE:** SSZ-484: Rezoning from RD/RM-2 (Residential Duplex/Residential Multi-Family) to RS-4 (Residential Single-Family) for development of residential single-family development.

**LOCATION:** Approximate location: South side of 51<sup>st</sup> St. S. about 1,300 feet west of highway 97 (directly east of and adjacent to Stone Creek Estates II) legally described as part of the NE/4 of Section 34, Township 19 North, Range 11 East of the Indian Base and Meridian, Tulsa County, State of Oklahoma. (Approx. 9.14 acres)

### BACKGROUND AND HISTORY:

The applicant is proposing to rezone approximately 9.14+/- acres of property from RD (Residential Duplex) to RS-4 (Residential Single-Family). The property is generally located on the south side of 51<sup>st</sup> St. S. about 1,300 feet west of highway 97. This property is currently vacant, but could be developed into a Residential Duplex subdivision as currently zoned.

The City's Comprehensive plan map shows this area developing as Low Intensity-Residential (**See Attachment**). The surrounding properties have various zoning designations with property to the west and north being zoned RS—3 (Residential Single-Family, to the south being zoned RMH (Residential Manufactured Home), and to the west being zoned RM -2 (Residential Multi-Family).

Existing land uses in the area are compatible with the proposed rezoning application.

### ZONING CODE REFERENCE:

Section 20.01 of the City's Zoning Code states as a policy matter that proposed amendments to the zoning map will be adopted to recognize changes in the Comprehensive Plan, to correct error, or to recognize changed or changing conditions in a particular area or in the jurisdictional area generally.

### STAFF RECOMMENDATION:

The proposed rezoning appears that it would be in character with the City of Sand Springs Comprehensive Plan. Additionally, surrounding land uses being of a variety of Residential zoning categories in nature would support the rezoning of this property from RD to RS-4 for the development of a residential subdivision. The application would not be detrimental or otherwise harmful to the surrounding property owners.

Staff recommends **Approval** of the rezoning request from RD (Residential Duplex) to RS-4 (Residential Single-Family).

**ORDINANCE NO. 1282**

AN ORDINANCE DESIGNATING AND REZONING FROM RD (RESIDENTIAL DUPLEX DISTRICT) TO RS-4 (RESIDENTIAL SINGLE-FAMILY) AND ADOPTING PLANNED UNIT DEVELOPMENT NUMBER 36) ON A TRACT OF LAND, LOCATED IN THE NORTHEAST QUARTER (NE/4) OF SECTION 34, TOWNSHIP 19 NORTH, RANGE 11 EAST, TULSA COUNTY, CITY OF SAND SPRINGS, OKLAHOMA, IN WARD BOUNDARY DISTRICT 4, AND MORE PARTICULARLY DESCRIBED BELOW, REPEALING ALL ORDINANCES OR PARTS OF ORDINANCES IN CONFLICT HERewith, AND DECLARING AN EFFECTIVE DATE.

.....

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF SAND SPRINGS, OKLAHOMA:

SECTION 1: That the zoning map for the City of Sand Springs, Oklahoma, is hereby amended from an RD (Residential Duplex) to RS-4 (Residential Single-Family) zoning classification and adopting PUD-36 in accordance with the terms and conditions contained within the Planned Unit Development Number 36 document, a copy thereof being on file with the City Clerk of the City of Sand Springs, Oklahoma for the following tract of land described as:

A TRACT OF LAND LOCATED IN THE NORTHEAST QUARTER (NE/4) OF SECTION 34, TOWNSHIP 19 NORTH, RANGE 11 EAST OF THE INDIAN BASE AND MERIDIAN, SAID TRACT OF LAND BEING DESCRIBED AS FOLLOWS:

COMMENCING AT THE NORTHEAST CORNER OF THE SAID SECTION 34; THENCE N89°52'59"W ALONG SAID NORTH LINE OF SECTION 34 A DISTANCE OF 1,230.37 FEET TO THE POINT OF BEGINNING, SAID POINT BEING 290.00 FEET EASTERLY OF THE NORTHEAST CORNER OF STONE CREEK ESTATES III (PLAT NO. 5996); THENCE S00°00'32"E, PARALLEL TO THE EAST LINE OF SAID STONE CREEK ESTATES III A DISTANCE OF 588.20 FEET; THENCE S27°35'05"E PARALLEL TO THE EAST LINE OF SAID STONE CREEK ESTATES III A DISTANCE OF 432.68 FEET; THENCE S00°01'00"E PARALLEL TO THE EAST LINE OF SAID STONE CREEK ESTATES III A DISTANCE OF 351.88 FEET TO A POINT ON THE NORTH LINE OF MOBILE MANOR WEST (PLAT NO. 4289); THENCE N89°55'32"W ALONG THE NORTH LINE OF SAID MOBILE MANOR WEST A DISTANCE OF 290.00 FEET TO THE NORTHWEST CORNER OF SAID MOBILE MANOR WEST, ALSO BEING A POINT ON THE EAST LINE OF STONE CREEK ESTATES III; THENCE N00°01'00"W ALONG THE EAST LINE OF STONE CREEK ESTATES III A DISTANCE OF 280.27 FEET; THENCE CONTINUING ALONG THE EAST LINE OF SAID STONE CREEK ESTATES III N27°35'05"W A DISTANCE OF 432.70 FEET; THENCE CONTINUING ALONG THE EAST LINE OF SAID STONE CREEK ESTATES III N00°00'32"W A DISTANCE OF 660.00 FEET TO A POINT ON THE NORTH LINE OF SECTION 34 ALSO BEING THE NORTHEAST CORNER OF SAID STONE CREEK ESTATES III; THENCE S89°52'59"E ALONG THE NORTH LINE OF SECTION 34 A DISTANCE OF 290.00 FEET TO THE POINT OF BEGINNING.  
SAID TRACT CONTAINING 398,130 S.F. (9.14 ACRES)

as shown on the accompanying map.

SECTION 2: That all ordinances or parts of ordinances in conflict with same are hereby repealed.

SECTION 3: That the provisions of this Ordinance shall, upon passage, take effect thirty (30) days from the date of first publication as provided by law.

PASSED AND APPROVED, at a regular meeting of the City Council of Sand Springs, Oklahoma, held the \_\_\_\_ day of \_\_\_\_\_, 2016.

## **STAFF REPORT – PUD-36 (Villas at Stone Creek Estates)**

- TO:** Planning Commission Members
- DATE:** April 18<sup>th</sup>, 2016
- CASE:** PUD-36: Proposed PUD overlay for an RS-4 (Residential Single-Family) development of a maximum of 42 lots, with private gated streets, and with an allowed building height of 48’.
- LOCATION:** Approximate location: South side of 51<sup>st</sup> St. S. about 1,300 feet west of highway 97 (directly east of and adjacent to Stone Creek Estates II) legally described as part of the NE/4 of Section 34, Township 19 North, Range 11 East of the Indian Base and Meridian, Tulsa County, State of Oklahoma. (Approx. 9.14 acres)

### **BACKGROUND AND HISTORY:**

The applicant is proposing a PUD Overlay of 9.14+/- acres of property for Residential Single-Family subdivision. The property is generally located on the south side of 51<sup>st</sup> St. S. about 1,300 feet west of highway 97.

This property also has a corresponding rezoning application SSZ-484 that is on the same agenda which would rezone the underlying zoning from its current designation of RD (Residential Duplex) to RS-4 (Residential Single-Family).

The City's Comprehensive plan map shows this area developing as Low Intensity-Residential (**See Attachment**). The surrounding properties have various zoning designations with property to the west and north being zoned RS—3 (Residential Single-Family, to the south being zoned RMH (Residential Manufactured Home), and to the west being zoned RM -2 (Residential Multi-Family).

Existing land uses in the area are compatible with the proposed PUD application.

### **ZONING CODE REFERENCE:**

Chapter 12 of the City's Zoning Code allows for the creation of Planned Unit Developments as alternative to conventional zoning. PUD's are allowed where deemed appropriate and approved by the City Council:

- A. To permit flexibility that will encourage a more creative approach in the residential, office, commercial and industrial development of land and will result in a more efficient use of open area, while maintaining density and area coverage permitted in the general zoning district or districts in which the project is located.
- B. To permit flexibility in design, placement of buildings, and use of open spaces, circulation facilities, and off-street parking areas and to best utilize the potential of sites characterized by special features of geography, topography, floodplains, size or shape.
- C. To implement the Comprehensive Plan.

**STAFF RECOMMENDATION:**

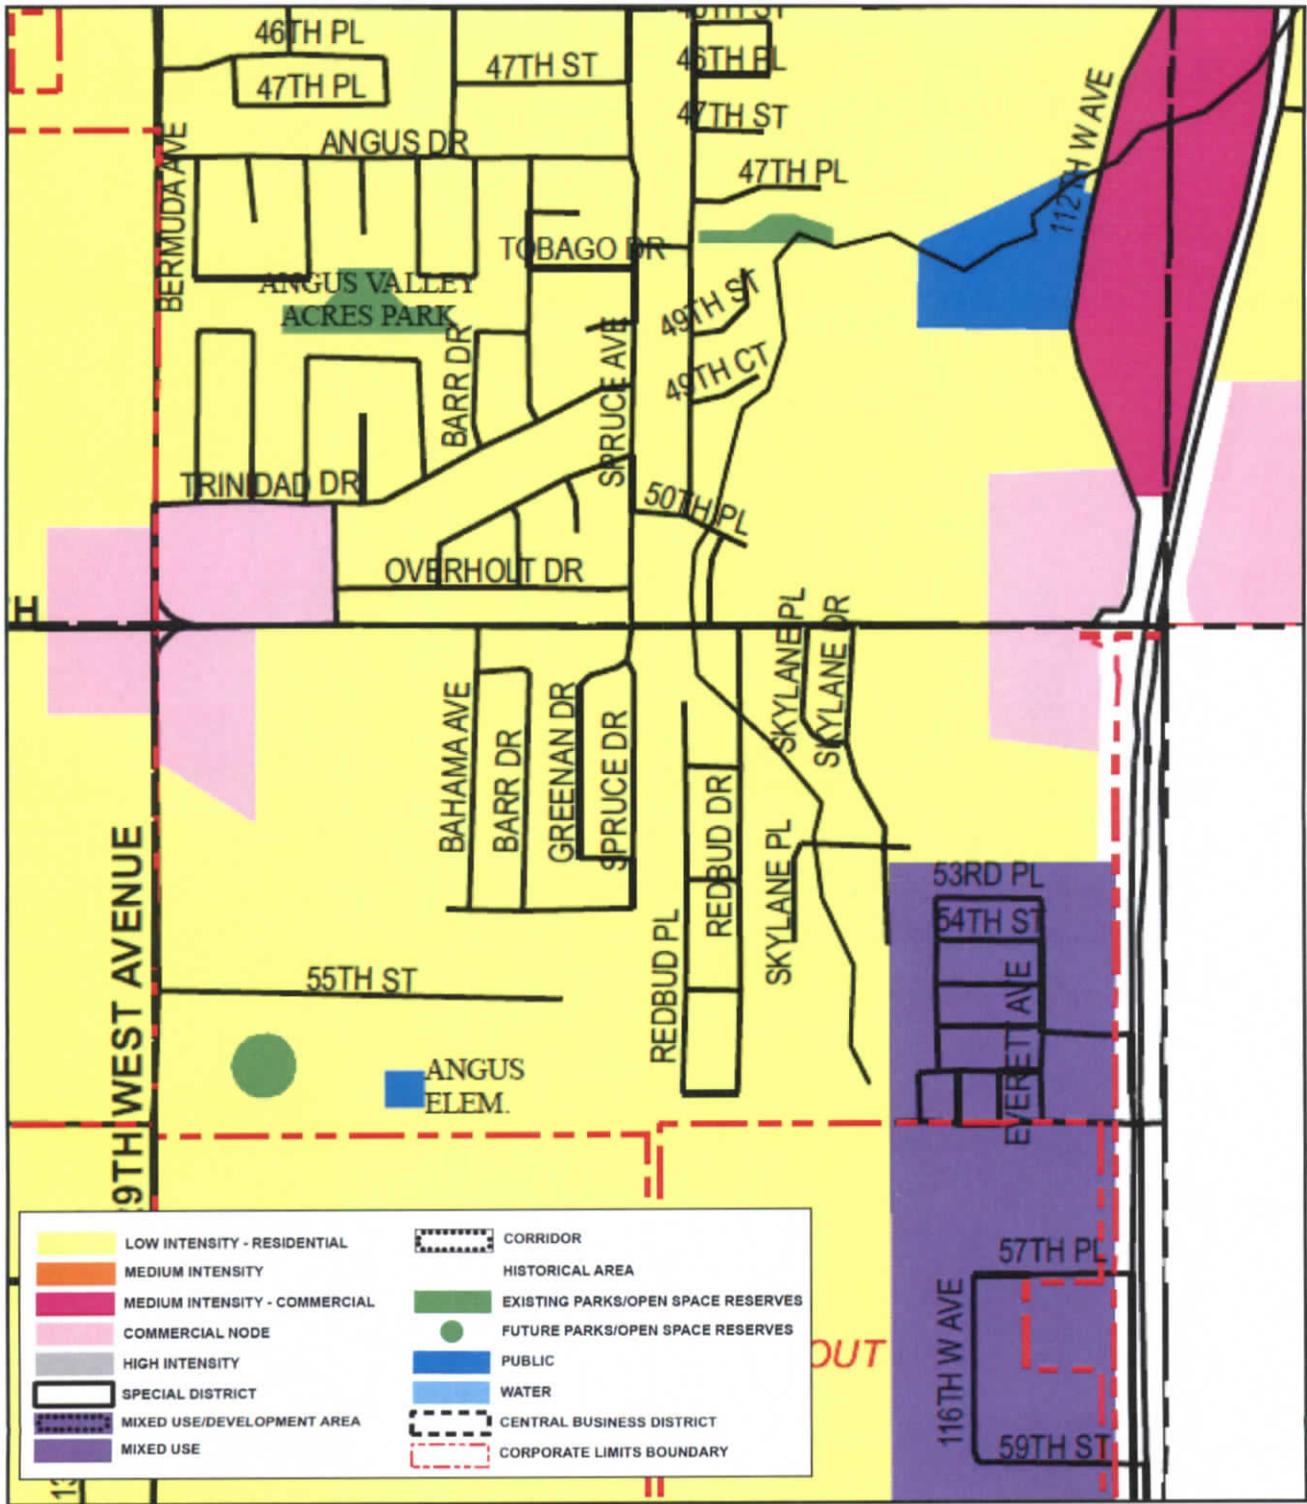

The proposed Planned Unit Development would allow for the development of a single-family gated community that is intended to have Villa type homes. The lots will be developed in accordance with RS-4 (Residential Single-Family) Bulk and Area Requirements as stated in the City of Sand Springs Zoning code with the exception of where the PUD has modified those standards.

In staff's review the only Bulk and Area Requirement that has been modified from the requirements of an RS-4 district is the allowed Maximum Building Height from 35' to 48'. Additionally, as called for by the Sand Springs Subdivision Regulations private streets and gated neighborhoods are only allowed through an approved PUD. This is another reason the applicant has proposed the PUD before the commission today.

Staff feels that the outlined PUD Standards and overall intent of the PUD is in best interest of the surrounding properties owners and would not result in any detrimental use of the land that would negatively impact those properties. Additionally, this property was previously intended to be developed as a Residential Duplex development that would have yielded a higher intensity use than that of the proposed RS-4 Subdivision.

This property will be required to be platted through the City of Sand Springs Subdivision process. At that time the Plat will be reviewed by utility providers and Sand Springs Staff (Police, Fire, Public Works, Planning and Neighborhood Services) to insure that the development is designed and in accordance with City of Sand Springs standards and the PUD Standards outlined in the PUD-36.

Staff recommends **Approval** of proposed PUD-36 as outlined in the Development Concept and Development Standards submitted for PUD-36 (Dated 3/22/2016).

**PLATTING REQUIREMENTS**

For any land which has been rezoned upon application of a private party, no building permit or zoning clearance permit may be issued until that portion of the tract on which the permit is sought has been included within a subdivision plat or replat, as the case may be, submitted to and approved by the Planning Commission, and filed of record in the office of the County Clerk where the property is situated. Provided that the Planning Commission, pursuant to their exclusive jurisdiction over subdivision plats, may waive the platting requirement upon a determination that the above stated purposes have been achieved by previous platting or could not be achieved by a plat or replat.

**Planned Unit Development Subdivision Plat**

A Planned Unit Development subdivision plat shall be filed with the Planning Commission and shall be processed in accordance with the Subdivision Regulations, and, in addition to the requirements of the Subdivision Regulations, shall include:

1. Details as to the location of uses and street arrangement;
2. Provisions for the ownership and maintenance of the common open space as will reasonably insure its continuity and conservation. Open space may be dedicated to a private association or to the public, provided that a dedication to the public shall not be accepted without the approval of the City Council and adequate provision made for the costs of maintenance; and
3. Such covenants as will reasonably insure the continued compliance with the approved development plan. In order that the public interest may be protected, the City of Sand Springs shall be made beneficiary of covenants pertaining to such matters as the requirement of approval of detail plans prior to the issuance of any permits, location of uses, height of structures, setbacks, screening, open space, signage and access. Such covenants shall provide that the City of Sand Springs may enforce compliance therewith, and shall further provide that amendment of such covenants shall require the approval of the Planning Commission and City Council and the filing of record with the County Clerk a written amendment to the covenants, endorsed by the Planning Commission and City Council.

I do hereby certify that I have read and understand the above mentioned requirements and that I will plat, replat or have the platting requirements waived for the subject property being involved in case number P40 # 36.

## Development Concept

The Villas at Stone Creek Estates is a proposed gated residential community along the south side of 51<sup>st</sup> Street South approximately 1300 feet west of Highway 97 in the City of Sand Springs, Oklahoma. Exhibit A shows proposed project in relation to the surrounding area. The PUD is a Planned Unit Development overlay of an existing RD & RM-2 zoned parcel; see Exhibit E for existing zoning map. This PUD is being requested in conjunction with an application for zoning change to RS-4 per SSZ-484. The project will be developed along RS-4 bulk and area requirements except as modified by this PUD. The existing property is vacant though the development pattern of the area is residential single family. The PUD is an approximately 9.2 acre development and has one Development Area with two Reserve Areas as shown on Exhibit B. One reserve will consist of a private gated street right-of-way with the other reserve containing the stormwater detention facility. The legal description for the PUD is shown in Exhibit F.

The gated access with private streets will create the exclusive feel the developers are intending for this project. A maximum of 42 lots is proposed for this PUD along with a stormwater detention facility that will serve as an amenity to the development. The proposed project will utilize the flexibility offered in the Planned Unit Development provisions of the Sand Springs Zoning Code.

Development pursuant to this PUD shall comply with all recommendations of the Sand Springs Fire Marshal, City Engineer, and City Attorney.

## Development Standards

**Gross Land Area** 398,130 sq. ft. 9.14 ac

### Permitted Uses

Uses permitted as a matter of right by the City of Sand Springs Zoning Code within the RS-4 district, including all uses customarily accessory thereto.

**Minimum Lot Width** 50 ft.

**Minimum Land Area per D.U.** 6,750 sf.

**Minimum Lot Area** 5,500 sf.

**Maximum Number of Lots** 42

### Minimum Setbacks

Front yards 20 ft.\*

Rear yards 20 ft.

Side yard (Both Sides) 5 ft.

\*Measured from the edge of Reserve Area 'A'.

**Maximum Building Height:** 48 ft.

## Reserve Area 'A'

Reserve Area 'A' shall be established by the owner for the construction of private streets providing access to each lot owner and their invitees to and from 51<sup>st</sup> Street South. Gates, fencing, and landscaping, including all appurtenances incidental thereto, shall be allowed within Reserve Area 'A', provided all such improvements are approved by the City of Sand Springs prior to installation. Reserve Area 'A' shall be conveyed to the Homeowner's Association which shall be responsible for the maintenance of all improvements contained within that reserve.

## Reserve Area 'B'

Reserve Area 'B' shall be established by the owner for the construction of a stormwater detention facility and open space park. Such park shall be for the sole use and enjoyment of the lot owners within The Villas at Stone Creek Estates and their invitees. All structures or improvements related to the detention function of the facility shall be constructed according to City of Sand Springs standards. Livability space within Reserve Area 'B' may be allocated to any lot or lots within the subdivision. Given the size of the reserve and the proposed lot configuration shown on the conceptual development plan the livability space of each lot shall be deemed met without further calculation's being required. Reserve Area 'B' shall be conveyed to the Homeowner's Association which shall be responsible for the maintenance of all improvements contained within that reserve.

## Private Streets

All streets within the PUD will be privately maintained by the Homeowner's Association. All streets shall be constructed according to the City of Sand Springs minor residential public street standards provided that a minimum reserve width of 30' will be sufficient for the stub street connection to the east. Streets shall be constructed with a minimum width of 26' face of curb to face of curb and a minimum radius of 40'

within cul-de-sacs. Streets may be gated provided all such gates meet the access requirements of the City of Sand Springs Fire Marshal.

## **Drainage & Utilities**

The majority of the site drains to an existing depression in the south central portion of the property. The northern portions of the property drain overland through the rear yards of the abutting lots within Stone Creek Estates III. The project proposes to continue these drainage patterns with the construction of a detention facility along the southern portion of the property to provide peak runoff reduction. The detention facility will be designed to reduce peak runoff rates to that of pre-developed conditions as required by the City of Sand Springs.

An existing 12" waterline runs east and west along the south side of 51<sup>st</sup> Street South and an existing 8" waterline runs north and south along the east side of Skylane Drive. A waterline extension will be constructed through the development to tie the existing 12" waterline to the existing 8" waterline thereby providing fire protection and water service to the development.

An existing 6" sanitary sewer line is located in the rear yards of Stone Creek Estates III immediately abutting the western property line. This line will provide sewer service to lots abutting that line. The eastern side of the project will be served via a sanitary sewer extension constructed from the existing line along the northern side of Mobile Manor West, immediately south of the property.

Other utility services are currently provided to the site and will continue to be provided via underground services. The required 17.5' perimeter utility easement may be reduced by wavier during the platting process. See attached Exhibit C for the conceptual improvements plan.

## **Access and Circulation**

All streets within the development will be private and will largely conform the with the attached conceptual site plan. The primary entry to the subdivision will be derived from 51<sup>st</sup> Street South as shown. A secondary access, with Knox Rapid Entry System, will be provided at the western end of the property where 53<sup>rd</sup> St South currently dead ends. This will provide two points of access to the development as required by the City of Sand Springs Fire Marshal. Gates will be constructed to limit public access to subdivision and provide additional security for the lot owners. All such gates will be constructed according to the requirements of the City of Sand Springs Fire Marshal. Limits of No Access (LNA) will be imposed by the future plat along the 51<sup>st</sup> Street frontage, except at the street intersection. The location of the curb cut and design of the intersection shall be approved by the Fire Marshal and City Engineer.

Sidewalks shall be constructed by the developer along Reserve 'B' and shall be constructed by the developer or individual lot owners along all internal streets in accordance with the Sand Springs Subdivision Regulations. Sidewalks shall be a minimum of four (4) feet in width, shall be ADA compliant, and shall be approved by the City Engineer. Additional Reserve width or a sidewalk easement will be provided as required.

## **Screening Walls and Fences**

Interior fencing and/or walls shall not extend beyond that point nearest the street at each end corner of the residence. Fencing along 51<sup>st</sup> Street South shall be 6' feet in height and consist of wood, masonry or wrought iron material or a combination thereof. All such fencing and gates shall be contained within a Fence Easement or Reserve by the plat of "The Villas at Stone Creek Estates".

## **Environmental Analysis**

The site generally slopes from the east to west as well as north to south. There is a minor ridge line along the north portion of the project which causes the northern 1/3 of the project to slope north. The Tulsa County Soils survey defines the onsite soils as Catoosa-Shidler-Rock outcrop complex and Newtonia Silt Loam, of varying grades. These soils are typically well drained and provide little issue to construction of a project as proposed. A geotechnical engineer will be contracted to perform a soils analysis for the project.

The attached Exhibit D depicts an aerial of the existing site as well as topography.

## **Requirement to Plat**

No building permit shall be issued until a plat containing restrictive covenants memorializing the above development standards is prepared and filed in accordance with the City of Sand Springs Subdivision Regulations.

## **Schedule of Development**

Development Construction is expected to begin in late spring or early summer 2016.

**TO:** Planning Commission

**FROM:** Brad Bates, City Planner

**DATE:** April 18<sup>th</sup>, 2016

**SUBJECT: SSLC-632, Lot 3 & 4, Block 1, Shadow Creek, a proposed Lot-Combination to create one lot for the construction of a Residential Single-Family Home.**

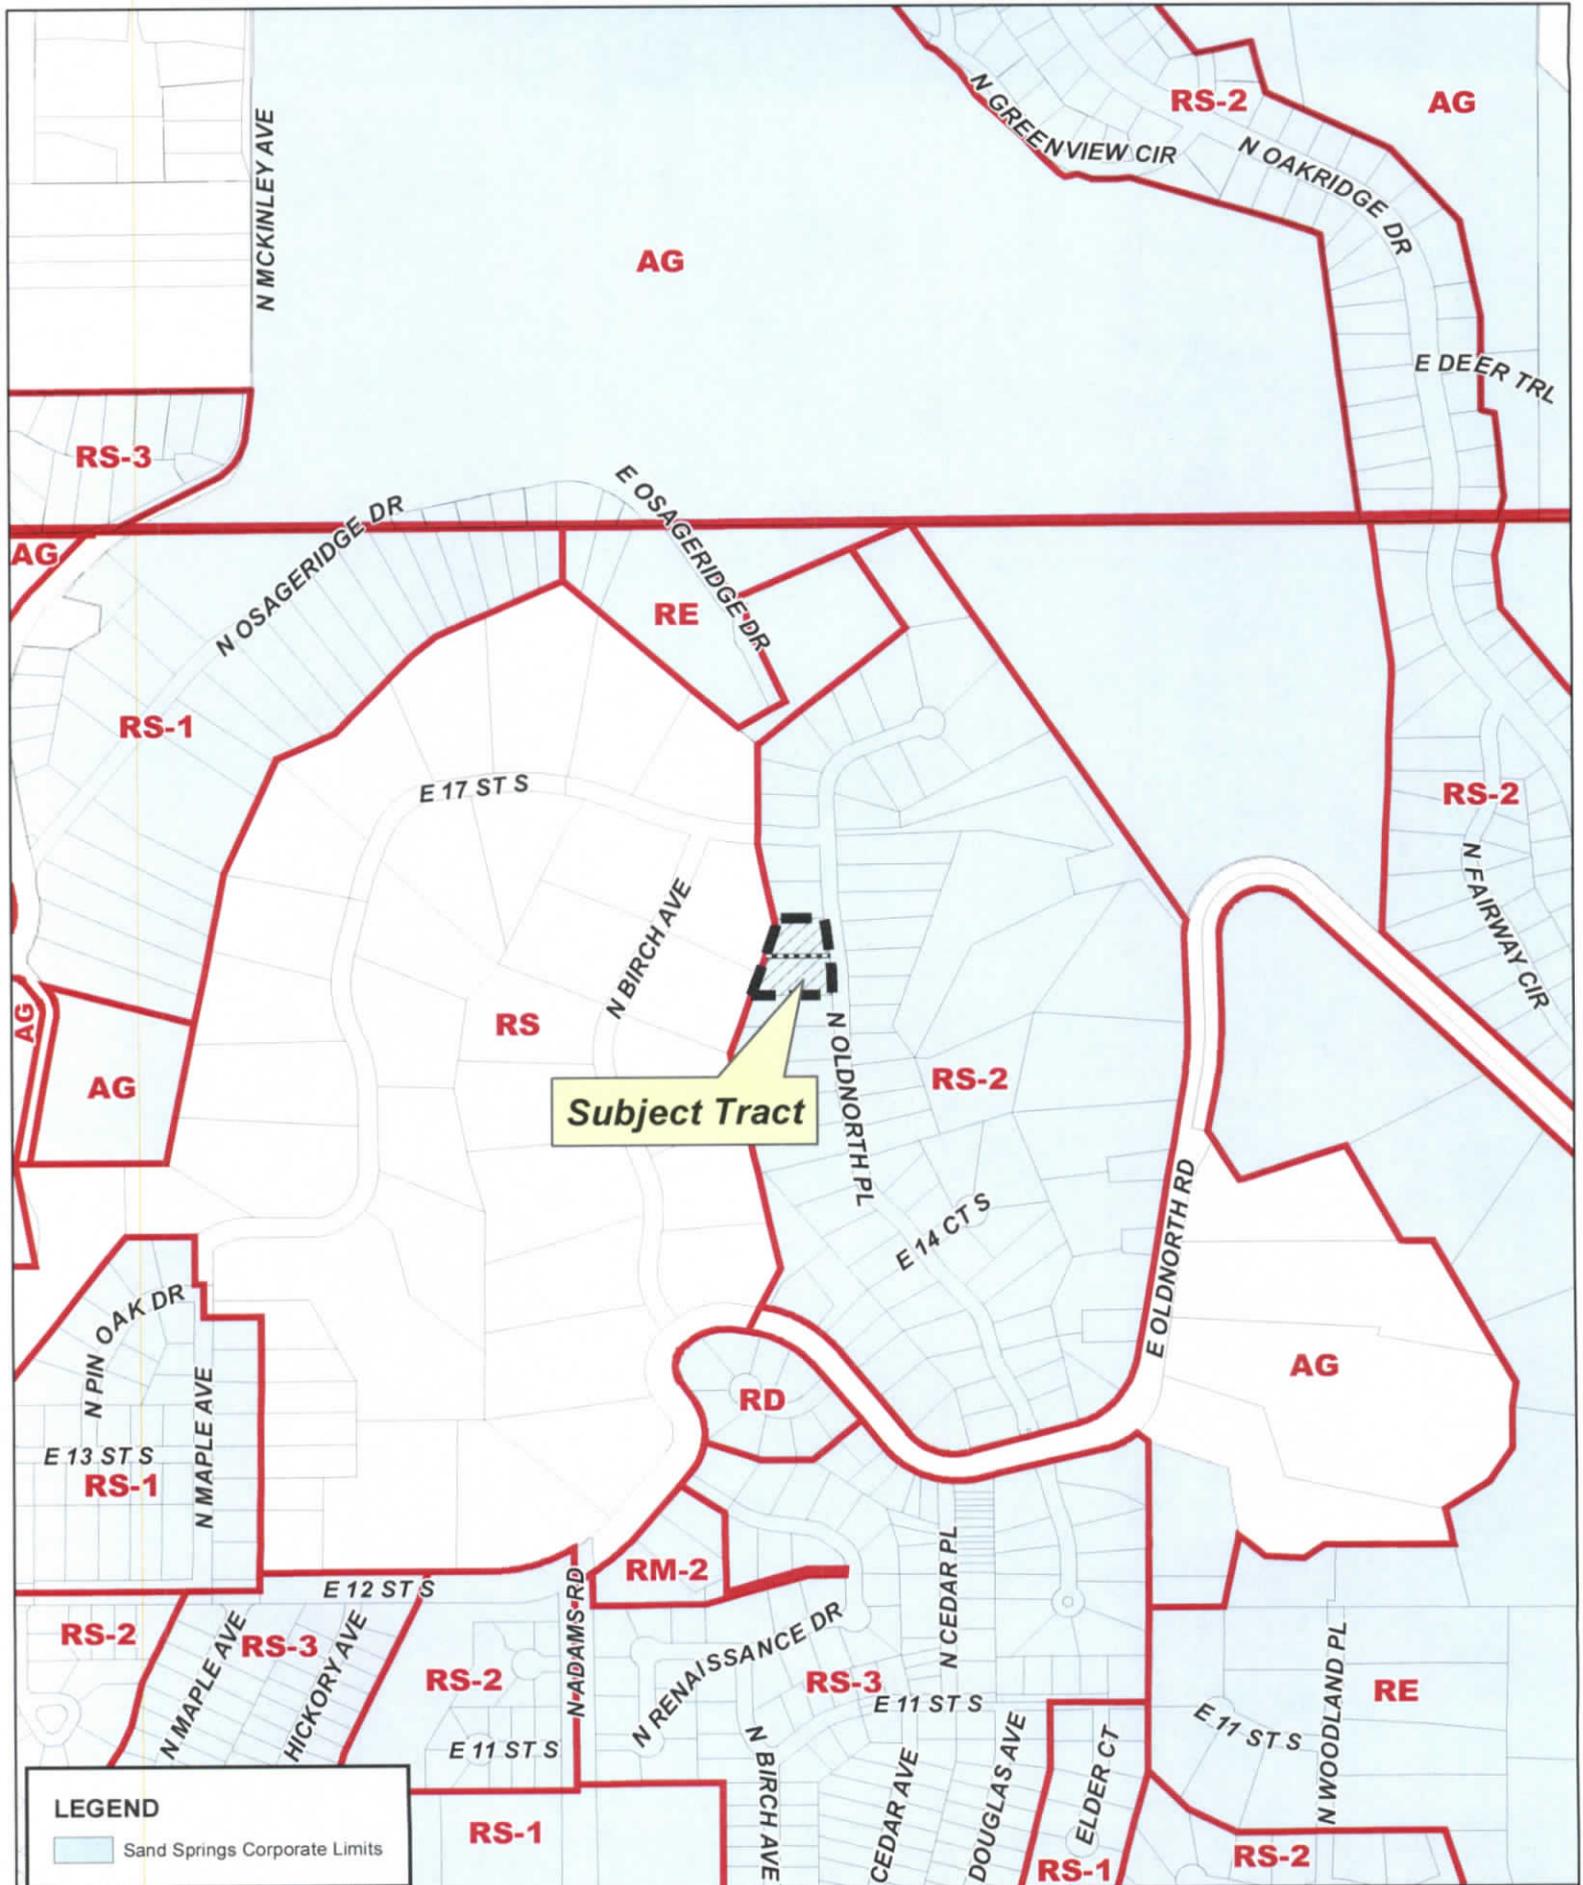

The property is zoned RS-3 (Residential Single-Family) and is located at 1610 N. Old North Pl. (West side of N. Old North Place, just a few lots south of E. 17<sup>th</sup> St. S.)

The applicant has recently submitted for a permit to construct a single-family residence on these two lots. Part of the permit requirement was for a lot-combination to be completed. The applicant is complying with that requirement to remove that condition from the permit.

Public Works has reviewed the application and does not have any issues with the lot-combination.

Planning staff recommends **APPROVAL** of Lot Combination SSLC-632.
